The **SOWA** Value

For over 60 years, Sowa has been an esteemed supplier providing customers with superior service and insider knowledge to help them make informed buying decisions. Our reliability, reputation, and considerable technical expertise has been consistently proven to our customers, allowing them to trust and benefit from Sowa's wide knowledge base and industry insight.

At Sowa, we approach our customers as true partners, understanding that our success is intrinsically linked to theirs. We combine our 6-plus decades of industry expertise with our agility and size to provide tailored and one-stop-shop solutions that help customers reach their goals.

Sowa continues to make large inventory investments with warehouses in Ontario, Alberta, North Carolina and California, delivering a track record of **fulfilling orders, on first pass, at an impressive 90 percent!**

The Sowa brands include

Sowa Tool's premium brand delivers top-tier quality and performance that rivals or exceeds the best in the world. These products offer premium features and dependability, at shockingly affordable prices, making them an ideal choice for applications where accuracy and speed matter most.

Sowa Tool's exclusive line of general-purpose live centres with its roots in European quality that deliver excellent accuracy, rigidity, and durability at a price point that suits most budgets. Sowa carries a wide range of in-stock standard models to suit most common turning applications.

Sowa's family of metrology solutions deliver absolute confidence born from its European engineering, and each tool beginning its journey in our ISO 17025 accredited labs. This premium heritage product priced at a non-premium price, delivers significant value for your money.

Sowa Tool's exclusive line of European universal boring and facing heads offer superior accuracy and precision for all your facing and boring applications. They feature an easy-to-adjust design, durable castings, and precision spindle bearings for a consistently accurate finish.

With our Sowa branded tools, we bring to our customers high performance cutting tools engineered to deliver superior tool life, machining efficiency & quality while still offering maximum value for your money.

Our approach to this brand ensures that our customers receive the best value for their investment by delivering a broad assortment of cutting tools at an exceptional value. These tools typically apply to less demanding applications seen on the standard shop floor where the cost of the tool has the greatest influence on the selection process.
